New and Rebuilt Wood Working Machinery

CASH OR EASY PAYMENTS

The machines listed and described on the following pages have been thoroughly overhauled and rebuilt in our factory. All bearings have been scraped and, if necessary, rebabbitted. All spindles and journals have been trued up and each machine repainted. When delivered these machines will be in first-class working condition and practically as good as new.

You can save money by learning more about these machines. We will be glad to send you a large illustrated circular telling all about any or all of them, on request.

Write us now—while this matter is claiming your attention.

GUARANTEE

Your money will be cheerfully refunded upon return of machine in good order within 30 days if not found as represented and entirely satisfactory.

If you don't see listed what you want let us have your inquiry as our stock is constantly changing.
